what our students are saying about the classes

I really enjoyed my Intermediate Italian class! Gina is a wonderful instructor and I enjoyed the mix of conversation, grammar, and reading. Looking forward to continuing and practicing my Italian.

Andiamo!

I have been taking advanced Italian for many years and only reach a certain level. With the total immersion technique of my professoressa it is finally sinking in. I highly recommend this class.

...COSA FAI STASERA?

CIAO! 🍅

If you want to learn Italian, this is the class for you. And if you know a little about the language and can speak a little, you will do great. The teacher, Gina, is great at teaching and helping you when you need it. Plus she has a great personality. Don't be fooled, you have to do the work but your knowledge of the language will be greatly improved and you will surprise yourself on much you have learned.

I am a student in the beginner Italian class taught by Gina Pietrantoni. I began with the personal motivation to learn Italian, and my motivation was immediately heightened by the interest and enthusiasm Gina showed for us as students to learn. Not only when in class is Gina willing to address questions and repeat instructions to ensure we gain understanding, but she also makes herself available between classes to address questions and offer explanations. I'm looking forward to continuing on with an advanced beginner class.
